

LUIS UREA

Senior QA Engineer | Enterprise SaaS & Business Process Quality

Stakeholder Collaboration | Test Strategy | Automation | API & Data | Mentoring

Buenos Aires, Argentina | +54 9 11 5758-9002 | ureapluis@gmail.com | linkedin.com/in/luis-up

PROFESSIONAL SUMMARY

Senior QA Engineer with 7+ years of experience across enterprise SaaS, e-commerce, AI-powered products, and complex business workflows. Strong background translating requirements and acceptance criteria into structured test approaches, validating order, payment, data, and integration flows, and supporting release quality across distributed teams. Experienced collaborating with Product, Engineering, Project Management, and business stakeholders, improving QA processes, mentoring team members, and communicating quality risks clearly to technical and non-technical audiences. Hands-on with manual and automated testing, APIs, SQL, CI/CD workflows, and cloud-based enterprise environments.

SKILLS

Quality: Test Strategy, Functional Testing, Regression, Exploratory Testing, End-to-End Testing, UAT Support, Release Validation, Risk Assessment

Business & Stakeholders: Requirements Analysis, Acceptance Criteria, Process Validation, Stakeholder Communication, Mentoring, QA Process Improvement, Documentation

Enterprise & Data: SaaS, E-commerce, Order and Payment Workflows, CRM Exposure, REST APIs, SQL, Data Integrity, Integrations

Automation: Playwright (TypeScript), Cypress (JavaScript), Selenium (Java), CloudQA

Tools: Jira, Confluence, Xray, Zephyr, Testiny, Postman, Swagger, GraphQL, SoapUI, BrowserStack, GitHub Actions, New Relic, Jenkins, AWS

PROFESSIONAL EXPERIENCE

WethosAI | Senior QA Engineer

Apr 2026 - Present | Remote - California, USA

- Own QA strategy and execution for an AI-powered SaaS platform across web, responsive, iOS, Android, backend services, microservices, and third-party integrations.
- Partner with Product and Engineering to clarify expected behavior, identify testing gaps, assess release risk, and maintain repeatable QA documentation in Testiny and Confluence.
- Validate REST APIs, backend services, permissions, integrations, and release readiness while using GitHub Actions and New Relic to support stability checks before production.
- Use GenAI and LLM-based tools to support pull-request review, test design, gap analysis, and documentation in a fast-paced international environment.

Fudo | Senior Software Quality Assurance Analyst

Nov 2024 - Nov 2025 | Argentina

- Led quality activities for a restaurant management platform covering POS, orders, inventory, expenses, reports, customer data, and financial calculations.
- Collaborated closely with Product and Development teams to translate business workflows into functional and regression coverage, with a strong focus on data accuracy and user experience.
- Built Playwright and TypeScript regression coverage and supported frontend migration validation, improving consistency across critical business processes.

Making Sense LLC | Quality Assurance Engineer

Sep 2021 - Jun 2025 | Remote - California, USA

- Contributed to enterprise initiatives including VetSource and Remote Legal, testing complex customer-facing workflows across web and backend systems.
- Validated ordering and payment processes, data integrity, localization, and regional adaptations for U.S. and U.K. product experiences.
- Worked with distributed cross-functional teams under Agile/Scrum, strengthening test coverage, QA documentation, reporting, and release readiness.

Praxis Venezuela | Project Manager · Product Contributor · QA Mentor

Jun 2024 - Nov 2024 | Remote - Venezuela

- Led delivery of a digital product from planning through release, coordinating Product, Development, and QA activities and contributing to product decisions.
- Guided QA practices and mentored a junior QA contributor, helping establish a structured approach to quality, execution, and team collaboration.

WeDevYou | Quality Assurance Automation Lead

Oct 2022 - Apr 2023 | Buenos Aires, Argentina

- Developed Cypress and JavaScript automation for internal Web3 applications and served as a QA automation reference for the team.
- Supported a junior contributor and helped improve repeatable regression coverage and technical QA practices.

Agrofy | QC Analyst

Mar 2020 - Sep 2021 | Rosario, Santa Fe, Argentina

- Validated large-scale e-commerce and integration workflows across web, mobile, backend, APIs, and data layers.
- Created and executed test cases, investigated incidents, verified data with SQL, and collaborated with Development and Functional Analysis teams.
- Worked with Postman, SoapUI, SQL Server, AWS, Jenkins, Jira, and CRM-related systems in an Agile/Scrum environment.

Cinet SA / Atos | QA Analyst

Jan 2019 - Mar 2020 | Buenos Aires, Argentina

- Performed QA for Telecom Argentina e-commerce experiences across web, mobile, APIs, CRM-related systems, and backend workflows.
- Managed defects and regression validation using Jira, ALM, Postman, SoapUI, SQL Server, and Selenium with Java.

SONDA | QA Tester

Jul 2017 - Jan 2019 | Argentina

- Performed requirements analysis, test-case design and execution, web/mobile testing, black-box testing, defect tracking, documentation, and SQL queries.
- Collaborated with Development and Functional Analysis teams using Jira, TestLink, Trello, and Agile practices.

EDUCATION & CERTIFICATIONS

Instituto Universitario Nuevas Profesiones | Superior Computer Technician

2010 - 2013 | Venezuela

Professional Testing Master - Advanced Level | UTN • Scrum Foundation Professional Certificate (SFPC) • Software Tester QA | EducacionIT
